CANCER SUPPORT

“A cancer diagnosis can change your financial situation. It may mean you need to stop working or work less. It can also mean spending more money on things like hospital parking. But depending on your situation, you may be able to get benefits or other financial support.”

Macmillan Cancer Support

We know that cancer impacts every aspect of your life and money is one of the biggest concerns. The N&N has two dedicated cancer welfare and benefits teams that can help you. The team will arrange an appointment at a time that is convenient for you. They will complete a money assessment and support you to complete any forms needed.

We can help with:

- Applying for money support such as benefits
- Applying for blue badges
- Cost of travel to hospital for appointments or treatment
- Free prescriptions
- Concerns with work

Please contact either of the services below to book an appointment or for further help:
