

JOIN OUR NNUH TOGETHER STAFF NETWORK

This inclusive forum seeks to represent and support the diverse network of Black, Asian and Minority Ethnic (BAME) staff within the Trust.

To socialise and create initiatives and policy that will benefit the professional development of colleagues across NNUHFT.

Purpose of the Network

- Represent interests of BAME staff
- Assist in formulating new and reviewing existing policies and procedures
- Assist in the identification of training needs
- Allow BAME staff to have a voice
- Influencing culture and prompting development of BAME staff
- Create safe working environment where BAME staff can thrive

Why is it important?

Evidence suggests there is a disproportionate experience between white and BAME staff here at the Trust. We want to change that and ensure EVERYONE has a positive experience and is proud of working at the NNUH.

Hear the things that truly matter about your work. Hear from voices just like yours and share your story. Discover new cultures and develop new skills in collaboration with colleagues that you do not normally work with.

Our Priorities

- BAME Staff Development
- De-biasing recruitment and selection processes
- BAME Staff Representation
- BAME Staff Safety
- Allyship

**Make friends, create professional networks,
change policy and influence ideas and minds.**
