

# Staff Accommodation

at the Norfolk and Norwich University Hospitals Foundation Trust

## NNUHFT residences offers superb onsite accommodation

You will have your own en-suite bedroom which will have a double bed, tv, desk and a mini fridge. The kitchen and communal areas are shared with 5 other guests.

Our fully fitted kitchens are provided with all large appliances such as cooker, microwave, dishwasher and washing machine, plus kitchen equipment.

We welcome guests from all over the world seeking comfortable night's stay in a convenient location, whilst working at the NNUHFT or the neighbouring Science Research Park.

The hotel accommodation is situated onsite, just a 2-minute walk to the main hospital, also next door to the Science Research Park.

**Comfortably furnished to hotel standard, each room comes with**

- Freeview TV
- Free WIFI
- Tea and coffee making facilities
- Hair dryer
- Complimentary toiletries
- Fresh linen
- Use of a fully fitted kitchen and communal lounge area
- Free car parking during your stay

### Reasons to choose the NNUHFT Accommodation

- Comfortable rooms
- Competitive rates
- 4 miles from beautiful Norwich
- Regular bus service direct from hospital to city centre
- On-site parking for residents
- Close to Science Research Park and the University of East Anglia

### Hotel rooms at the NNUHFT residences offer superb hotel accommodation

Because we know the hospital and our city by heart, we will help with every little detail to make your stay stress free. This includes helping you find your way around the hospital site and the local area or recommending places to visit, we're on hand to help. From the warmest welcome on arrival, to the friendliest farewell on departure, you can expect a caring concierge style service throughout your stay. More than the average hotel, we pride ourselves on providing true personal attention. Always going the extra mile whilst you are here to ensure you have a pleasant and comfortable stay.

***Our friendly team looks forward to welcoming you.***
